Greytrix Sage SSL VPN

1. Access URL: https://49.248.14.234:4443/userportal/webpages/myaccount/login.jsp
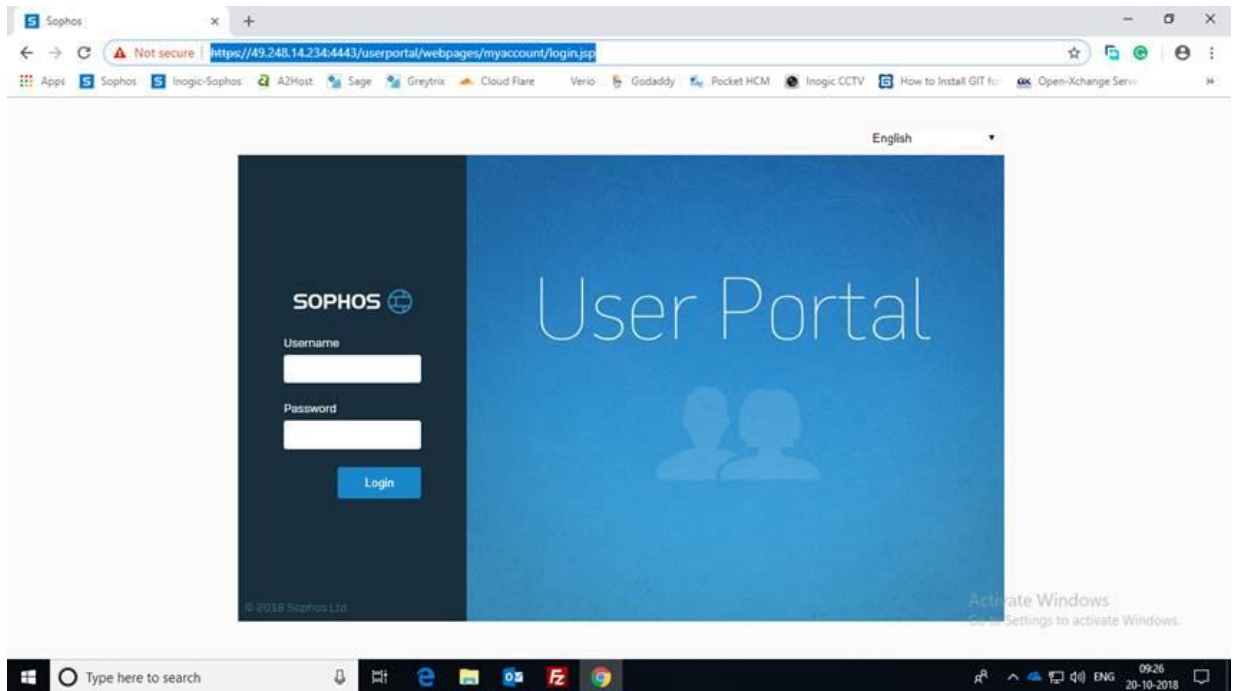

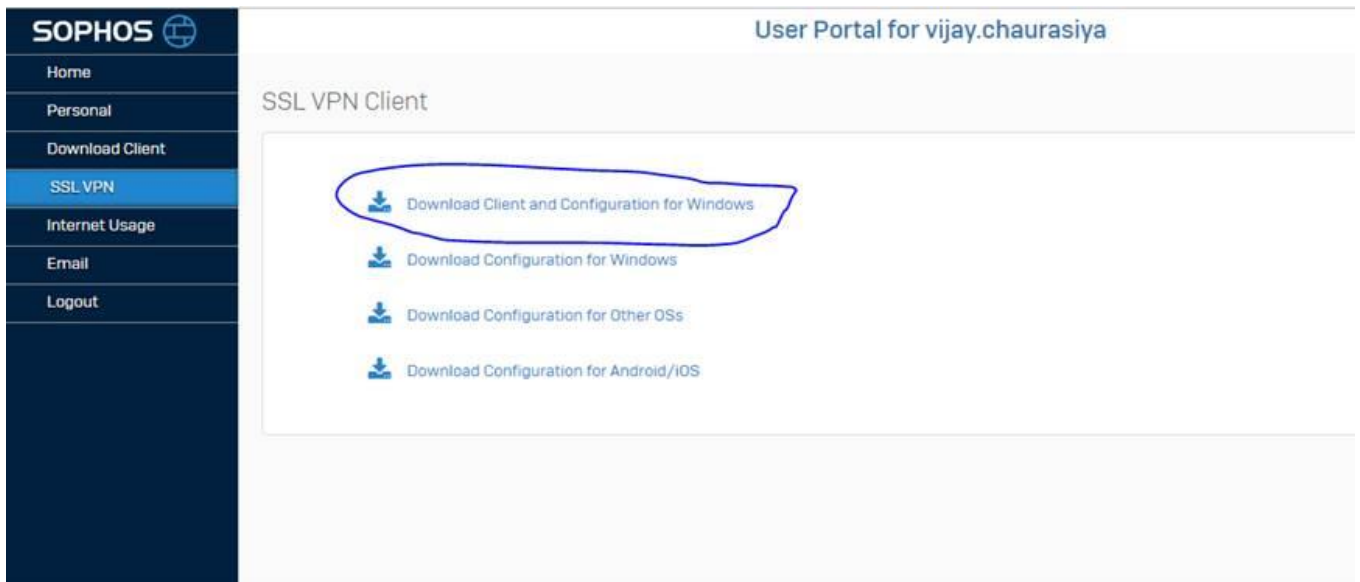

2. Login with your Sophos credential (**Login allowed only for VPN users**)
3. Once you successfully login on the portal, you need to download the setup & configuration for client installation.

4. Once the installation is completed login the SSL VPN with the existing credential.
5. Once the VPN login is successful you will get our Internal network.

Thank You
